

Join the Milwaukee Symphony Orchestra for our annual Sensory Friendly concert experience!

Sensory-friendly concerts are designed for people of any age on the autism spectrum or with a sensory sensitivity and their families, but all are welcome! Join us for a special afternoon of music as we explore the musical superpowers of melody, rhythm, dynamics, and harmony! With the help of the Milwaukee Symphony Orchestra, actors from Pink Umbrella Theater, and music from composers ranging from Beethoven and Mozart to John Williams and Michael Giacchino, we'll discover that we all just might have our own special superpowers!

Arrive up to an hour prior to the performance to pick up a free Welcome Bag and enjoy special pre-concert activities, all with the aid of trained MSO Ambassadors!

RESOURCE FAIR: Learn about other Wisconsin organizations that offer sensory inclusive programming at our mini-resource fair, offered during the pre-concert activities!

Sensory Friendly Concert Modifications:

- Dimmed house lights remain on during performance
- On stage hosts will prepare and guide audience through concert
- Flexible seating and relaxed house rules
- Sensory kits and noise-reduction headphones available
- Free activity bags including fidgets
- Designated quiet areas
- Family-friendly food concessions
- Trained MSO Ambassadors on site to assist patrons
- Flexible refund policy if patrons are unable to attend
- ASL interpreters
